

Summary

I am an experienced software engineer. I am passionate about technology and constantly seek to improve my skills and knowledge. With a proactive and solution-oriented approach, I thrive in challenging environments and excel at problem-solving. I have a natural curiosity for learning and enjoy exploring emerging trends in the field. I have a natural curiosity for learning and am particularly drawn to emerging areas such as Data Science and Machine Learning. I am committed to developing my expertise and have pursued various projects and training opportunities to gain practical knowledge.

Experience

Backend Developer & DevOps - AgileEngine

2022 - To the present

- Maintained and developed backend applications using Python, achieving optimized ETL pipelines through Airflow DAGs
- Configured CI/CD pipelines using Gitlab CI and enforced code quality standards through SAST scanning, ensuring efficient and high-quality code delivery.
- Collaborated with team members and stakeholders to streamline development processes and deliver exceptional results

Full-Stack Developer - Mutual de Socios AMR

2021 - 2022

- Maintained and developed robust applications using NET Core, C#, and NextJS with both SQL and NoSQL databases, achieving efficient and effective solutions.
- Configured CI/CD pipelines and implemented application containerization and container orchestration using Kubernetes, reducing deployment time.
- Collaborated with team members and stakeholders to deliver high-quality results and contribute to the success of the team.

Developer - Kretz SA

2019 - 2020

- Performed maintenance and development tasks on Kretz S.A.'s software using JAVA, GitLab, Ionic, HTML, and CSS.
- Collaborated with team members to identify and resolve issues and improve software quality.
- Contributed to the design and implementation of new software features to enhance user experience and increase efficiency.

Education

Information Systems Engineering

2017 - 2023

Information Systems Engineer. Universidad Tecnológica Nacional FRRO.

Alejandro Manuel Navarini

Software Developer

Email: alejandronavarini@gmail.com

LinkedIn: [Alejandro Navarini](#)

Languages

Spanish: Native

English: C1 (certified)

German: B1 (certified)

Portuguese: Basic

Tech Stack

Python

Django, Flask

Airflow, DBT

AWS

Docker, Kubernetes, Linux

Gitlab CI, CI/CD

NextJS, React

.NET Framework, NET Core, C#

JavaScript, TypeScript

SQLServer, MySQL, MongoDB
